CONTRADICTIONS

- We believe we have sufficient sources of funding to meet our business requirements for the next 12 months and in the longer term | Operating cash flow declined by more than 10% [operating_cash_flow_growth=-0.2775]; Short-term debt increased by more than 20% [short_term_debt_growth=0.6298] | The narrative is more optimistic than the available indicators. This is a traceable consistency signal, not evidence of fraud or misstatement.
